Course Evaluations Fall 2023, period 2

Teacher Report BE603 Data Analytics III - Marek Chadim

Report Comments

This report is based entirely on students' feedback collected via an online survey at the end of the course. All students registered for the course were invited to take the survey.
All ratings, are on a scale from 1 to 7, where 1 is "disagree strongly" and 7 is "agree strongly".

The report can be distributed as the teacher sees fit.

N.B. If there are course feedback surveys closing after the end of the current study period, this report might be updated.

Please contact SSEquality@hhs.se if you have any questions.

What concrete feedback do you have regarding the teacher's teaching?

Comments
Went to one seminar, it was extremely hard to follow
none
Super nice and helpful. Clearly very good at econometrics and knew the material well. Could perhaps be a bit more systematic when it comes to answering the seminar exercise questions, so as to give an example of what we would need to write in an exam situation. But overall very good!

Equality and Diversity

In this course, the teacher(s) actively worked to include different people and perspectives. This was demonstrated in, for example, the selection of course materials, case studies and/or guest speakers as well as during lectures and classroom discussions through balanced speaking time and avoiding stereotypical examples.
